

Digging Under the Issues

Are you someone

- Who thinks differently?
- Who likes to get involved in their local area, with local people.
- Who likes solving problems?
- Who has energy and enthusiasm!

We invite you to join us in some inspiring and thought provoking sessions thinking in a different way to resolve problems and issues and make Pilton a more active community!

What it will be

Fun, interesting, thought provoking, possibly it may even transform your life.

We will provide

Food, drink, prizes, childcare and fun for 2 x 5hr sessions

Wed May 29th & Wed June 5th 10am-3pm

Pilton Community Health Project has been speaking to people in North Edinburgh about issues affecting their lives and what they think is important in this area.

Many of the same themes come up again and again such as safety, dog mess, no motivation, no sense of community

Lets look at things in a different way; get underneath the issues and work together to come up with inspiring solutions that really change things.
