

Granton Library Garden Buddies

Granton library has been very fortunate to secure funding from Awards for All Lottery Scotland for a special project.

This would involve creating a story garden to the back of the library and a small garden and an artwork ceramic mosaic to placed in the central garden area on the front path.

We have local Scottish artist Kate MacKay (www.alchemyarts.org) organising various workshops of around 10 people, in the library, involving the local community of all ages. We would be delighted if some members of the Living in Harmony group would come along and contribute their ideas and inspirations from different cultures.

Workshop on Saturday 9th May 2-4pm

(no art experience required !)

Please contact me by email or Granton library on 0131 529 5665, if interested

Should be a fun afternoon

Best wishes

Jill Marple (Team leader)
