

We believe that
people know how
to **identify** their needs
and the **solutions** that will help them
realise their potential
and **solve social issues**.

We help by **supporting**
and **empowering** people to get
organised and mobilise their assets.

We call this process
social innovation.

**“Unlocking ideas
for a better
future, today”**

Glenn Liddall
Founder, **People Know How**

**ALL IDEAS AND
SUGGESTIONS ARE
WELCOME!!!**

BOOK CORNER AND USE OUR LAPTOPS

We have a big collection of books and magazines for adults and children in our book corner. You are welcome to **come and read, take a book and drop books off for others to enjoy.**

We also offer the **use of our laptops and free WIFI.**

VOLUNTEER OPPORTUNITIES

Are you looking for **training and experience?**
Do you want to develop your skills?

We have a **variety of projects** where you will be given the opportunity to develop your interests while making a real difference and meeting new people.

OUR PROJECTS

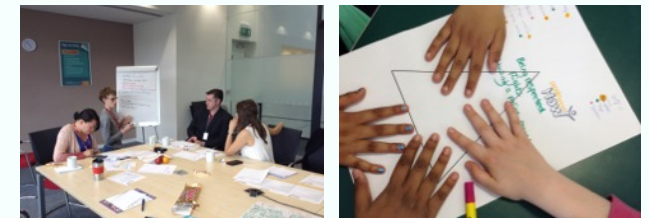

Social Innovation Academy: trains people in social innovation and community development that they can put into action and make a real difference.

Positive Transitions: helps young people with the transition from primary to secondary school.

Re:Connect: supports people to learn computer skills and engage with the digital world.

Shared Heritage – Shared Future: builds bridges between the growing Spanish speaking population in Edinburgh and local communities through an innovative approach looking at package holidays.

Research Briefings: takes the latest social research on a range of topics and produces easy to read and accessible reports.
