All Aboard!

Welcome to Push the Boat Out 2026! We can't wait to bring you our packed programme, with over 120 artists on board across 75 events in a bold mix of poetry, performance, music and art.

This year we're expanding the festival to four days from 12 to 15 November, with a number of warm up events taking place in the weeks before. First up is a very special event on Leith's iconic floating hotel, The Fingal. Join us to toast the festival with a glass of fizz and enjoy an evening with former Scottish Makar and all-round poetry powerhouse, Jackie Kay.

The main festival returns to the iconic Pleasance, with additional events around the city including our Poetry Tasting Menu with Ella Risbridger at Valvona and Crolla. Our full line-up includes in-person and online readings with some of the greatest voices in contemporary poetry, new commissions and premieres, workshops on everything from visual poetry to swordplay, and a music line up that involves sea shanties, hip-hop, and an unforgettable Saturday night gig with Anthony Joseph and his band, who bring a hypnotic fusion of spoken word, jazz, Afrobeat and funk.

This year's theme, *The Space Between*, explores liminal and transitional spaces both physical and metaphorical, from borderlands to dream states, and celebrates the uncertain and the undefined. Environmentally, it considers

shorelines: their cultural significance, their hold on our imaginations and the threat posed by the climate crisis to our coastlines.

For the first time we are introducing events for children and families, including a fun-packed event with former Children's Laureate, Joseph Coelho.

We're proud to continue our community programmes with partners including SCOREScotland, Poverty Alliance Scotland, Simon Community Scotland and high schools across Edinburgh. These give young people and adults opportunities to explore how words can empower, connect and challenge.

As always, we aim to support poets in a range of ways. Our free Development Day for aspiring and emerging poets is accompanied this year by a Sector Symposium for more established writers. We've also introduced a bursary programme to help you attend both.

And if you can't make it in person, we have a fantastic line up of online workshops and discussions, and a hybrid programme with free live-streamed events and a full broadcast schedule with EHFM, so we hope you'll join us from home.

Get in the boat, compañeros!

Both days are completely free to attend; you can book events individually but we'd encourage you to join us for the full day. Snacks, drinks and a light lunch will be provided to help you network and get to know your peers.

Feel free to mix and match between sessions and days or even come to both!

Bursaries

We're delighted this year to be able to introduce bursaries of up to £50 to those who might otherwise not be able to attend our professional development days. Bursaries can be used to cover travel, care or childcare or disability access costs.

Bursaries are available to anyone who has experience of socioeconomic barriers, for example: low income, poverty, extreme hardship, economic precarity, qualifying for income support (benefits or education grants), struggling to cover your bills or 'make ends meet'. Bursaries are provided on a lottery basis, with no questions asked.

Please see our website for further information and to apply.

ConVERSE

We're once again working in partnership with the University of Edinburgh's School of Literatures, Languages & Cultures to present ConVERSE: a project to support students as they develop their skills as event chairs.

A deft and impassioned chair is very much a co-pilot of any event – they can help ensure the event soars, sizzles and leaves a lasting impression on audiences and authors alike. At best, it will be remembered for years to come.

Students were invited to attend chairing masterclasses led by the University's Writer in Residence, Mary Paulson-Ellis, along with other experienced voices.

Selected students have been matched up with events to chair during the festival, and offered further support from the School of Literatures, Languages & Cultures at UoE. This partnership offers us the chance to support and nurture future talent and we're pleased to add it to the portfolio of support that we offer developing artists.

About Push the Boat Out

Push the Boat Out was created to capture the vibrancy and dynamism of contemporary poetry and spoken word, to celebrate its ever increasing influence and to bring it into conversation with other art forms.

We want not only to give poetry a new platform, but to create an environment where all variations of this vital art form are encouraged to grow, evolve and even collide. We explore fresh, inventive ways to bring poetry and people together by challenging perceptions of what poetry is, how and where it can be enjoyed and who it is for.

Our programme reflects and engages directly with the world around us in all its complexity and diversity; and aims to contribute to Scotland's long legacy – and future – as a place where poetry and the arts are thriving. Year-round, we offer professional development opportunities for artists, regular online writing workshops with internationally acclaimed poets and special guests from around the world, while Rock the Boat, our hugely popular open-mic night, takes place monthly.

Through our engagement programme we also support people to get involved in poetry who might not otherwise have the chance. We offer free festival tickets and also deliver programmes of creative activities. Partners in this programme include schools, and organisations like the Simon Community Scotland, SCOREScotland, and Poverty Alliance Scotland.

Follow us online, get involved and get in touch to see how you can play a part in our story.
